PADI

Mark's Corner

Summer provided us with many great and fun dives. Many of us put several hours of use on our equipment. During the slow dive season of the fall is the time to get your equipment serviced, before you start this winter travel plans. Maintenance on equipment is a very important item. Frequently divers say "It ain't broke, yet. Why waste the money." Not maintaining equipment is NOT a safe thing to do, and it can cost a lot more in the long run.

First you purchased quality equipment because it was reliable and gave you a margin of safety. Also, you wanted a great warranty on it. When you do not have it serviced annually, not only is it **LESS RELIABLE**, but it voids the warranty that encouraged you to purchase it. Both Scuba Pro and Aqua Lung provide lifetime warranty on parts so long as you have it serviced annu-

ally. A second reason to get your equipment serviced now is that when you arrive at your winter vacation and set up your dive equipment, should you find a problem, no one there may be able to help you. In such a case, you are now faced with two choices, rent equipment if available or NOT dive. Don't let this happen to you. A good maintained piece of equipment will last a very long time.

Annual Christmas Party / Customer Appreciation Day

Our Annual Christmas Customer Appreciation Day / Christmas Party is scheduled for December 17th from 10:00 am to

5:00 pm. This event will feature holiday snacks, hot cider, and lots of tales about this year's dives. Come join the fun over holiday treats. This day is always one of the favorite events of the year.

Tis' the Season for Holiday shopping

It is the Holiday Season. Tis' the Season for Holiday shopping. Time to think about your diving partners' wish list. We are sure to have that special gift that will make the season merry for them. Now we have a complete line of SCUBA equipment from the smallest of items to the most complete underwater photo equipment to complete diving outfits. Diver's **DON'T FORGET ABOUT OUR DIVER'S**

WISH LIST. It works just like a any other registry.

Ice Diver Class

Ice Diver Class is being offered by Southern Indiana Scuba taught by George Connolly. The classroom will be meeting on December 30th, 2005. The open water will be arranged, once we know the ice conditions. This course requires drysuit certification. So now is the time to get your certification so you can ice dive with the class.

Change to our class pricing.

As we all know, everything is going up, fuel, shipping, the cost of goods. Southern Indiana Scuba has done everything possible to keep prices low. As a cost cutting measure, we will no longer be able to provide mask, fins, snorkel for our classes. We are making special discounts for the purchase of the equipment. Students have been receiving special pricing on the wetsuits for about a year, and many have enjoyed a great suit at a bargain price. We will be offering mask, fins, snorkel and boots at a discount. These items are your basic equipment, something that you will use, even if you only snorkel.

New PADI Professional Divers

We would like to recognize some people who have completed their PADI Professional ratings.

Assistant Instructor:

Roman Stark has completed the rating of Assistant Instructor. Roman has been with us for a while as a PADI Divemaster, before he decided to advance his education. Responsibilities at his work kept him away for a while, but now he will be around more since everything has settled down.

Jim Smale has completed his Assistant Instructor rating. Jim assisted as a Divemaster on the Texas Flower Garden trips, as well as, at some local dives. Jim is a member of the local dive rescue team.

The Diver's Connection

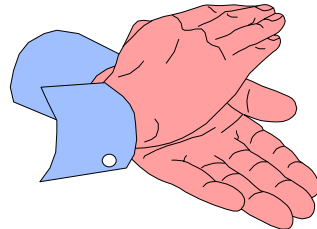

Southern Indiana Scuba, 1023 S Walnut St, Bloomington, IN 47401 812-336-2527

Divemaster:

Bill Perry and Ted Berry have both completed Divemaster certification. These two persons have come a long way in a short time. They have been certified for less than two years and already have over 100 logged dives.

Also completing was Jeff and Tressa Arionus Divemaster certification. This couple has been certified for a while then decided that they wanted to work with Southern Indiana Scuba as PADI professionals. When they started their divemasters certification they worked very hard and completed them quickly. Presently, Jeff is assisting with equipment repairs at Southern Indiana Scuba.

Again we would like to congratulate these fine people on their accomplishments.

New for Southern Indiana Scuba:

Sea & Sea Underwater Cameras Just in time for the holidays, we have Sea & Sea's newest camera, the DX-8000G, 8.24 mega pixel, housing and strobe package at a great price, UNDER \$1700.00. Or we have the DX-750G, 5.19 mega pixel, Camera System (shown with the YS-15 Lighting Package) for only \$725.00

A new item from McNett is the traveler's pillow, idea for sleeping on the flight to the Caribbean, or during the trip to the Florida Keys. Also, the money belts and wallets have arrived just in time for the holidays.

Watch for the great sale on in stock White's drysuits. Great savings are available on two of the best suits on the market at their

price point. The suits include a bag, inflator hose, underwear, and certification. These are floor models, size XXL. Saving 30% off retail. These suits must go. It is time to get the NEW 2006 models in stock.

The next generation of Full Face Mask have just arrived from Ocean Reef. This great mask is a "must see" to believe how well it looks and breaths. Other manufacturers are increasing prices, making it difficult to get the full face mask that you have always wanted. Now is the time to make that purchase because Ocean Reef is priced so that you have the mask that you want at a price you can afford.
